COON CREEK WATERSHED DISTRICT  
Request for Board Action

MEETING DATE:  May 10, 2019  
AGENDA NUMBER:  13  
ITEM:  Sand Creek Watermain Damage/Break

AGENDA:  Permit Item

ACTION REQUESTED  
Approve Permit #1996 (PAN 19-091)

BACKGROUND  
On 4/26/19 Mario reported a watermain break as evidenced by water geyser within Sand Creek located approximately 150 feet east of Xeon Blvd. The city was notified by a phone conversation with Tim Himmer and Tim Kelly. The work by the city occurred immediately once notified and involved installing new valves to minimize service disruptions to local residents and maintain water pressure. The work occurred approximately 175 feet north of the break near the outbuilding/parking lot.

A new line will be bored under Sand Creek along with the associated connections at a future date.

ISSUES/CONCERNS  
Chlorinated water discharging into Sand Creek.
Separation of top of new pipe and creek bottom

Erosion and sediment control of excavations occurring adjacent to Sand Creek

PRIOR DECISIONS
None

RECOMMENDATION
Approve Permit with 1 stipulation:
Coon Rapids to provide as-built of boring under Sand Creek once complete to ensure a 4-foot separation from the approved elevation.
