**AGENDA NUMBER:** 18  
**ITEM:** Demonstration Grant 13-01 Report: City of Blaine SAFL Baffle

**POLICY IMPACT:** Discussion  
**FISCAL IMPACT:** Budgeted

### REQUEST
Reimbursement to the City of Blaine for the $3,382.30 material cost of the SAFL Baffle in accordance with the Demonstration grant agreement between the City of Blaine and CCWD.

### BACKGROUND
In September, 2012, the Board budgeted $10,000 for Demonstration Grants. In December, 2007 the Board approved the Activity Description for Demonstration projects.

On May 14, 2013 the City of Blaine applied for a $3,382.30 Demonstration Grant to install a SAFL Baffle as part of the 118th Ave box culvert replacement at Ditch 41. The project proposed to install and monitor the effectiveness of a SAFL Baffle intended to capture sediment and floatable debris within one of two new sump catch basins on either side of Ditch 41 at 118th Ave.

On May 28, 2013 the Board Awarded $3,382.30 Demonstration Grant to City of Blaine for installation of a SAFL Baffle within sump catch basin at Ditch 41 and 118th Ave.

On September 4, 2013 the City of Blaine completed the installation of the SAFL Baffle.

On September 27, 2013 the City of Blaine requested reimbursement for the material cost of the SAFL Baffle in accordance with the grant agreement between the City of Blaine and CCWD.

In October 2014 the City of Blaine will report on the performance of the installed SAFL Baffle.
