Rule Development & Public Involvement

Formal Comments & Hearings

Comment period begins when a Notice of Hearing is published in the State Register.

Anyone may present oral and/or written comments to the ALJ. DNR will prepare a formal response for the ALJ at the end of the public comment period.

Only accept responses to existing comments. New information Report of the ALJ is typically completed within 30 days after the close of the hearing record.

Based on comments received and the ALJ report, the DNR may consider making rule modifications.

Hearing Record

Tentative March 28 - will prepare talking points information

Anoka, Most

Hastings

DNR + Governor review - Governor could veto
After adoption, DNR will coordinate with Met Council and LGUs to develop a notification schedule, develop model plans and ordinances, and provide training and guidance.

Implementation will be phased over a minimum 3-year period, beginning approximately one year after the rules are adopted. Upon being notified by the DNR, LGUs will be given one year to update their plans and ordinances to be consistent with the rules. LGUs may request additional time if necessary.
