From: 
  Kory Jorgensen, City of Coon Rapids Public Works

Re: 
  Wellhead Protection Plan Amendment, Part I, for the City of Coon Rapids System

The City of Coon Rapids is in the process of amending our wellhead protection plan for its drinking water supply wells. As required by the Minnesota Wellhead Protection Rule (part 4720.5330, subpart 6), the Minnesota Department of Health approved Part I of the wellhead protection plan amendment for our system. This portion of the plan includes information pertaining to:

1. The delineation of the wellhead protection area,
2. The drinking water supply management area boundary, and
3. The well and drinking water supply management area vulnerability assessment.

Enclosed, please find the items listed above. If you would like a complete copy of the amended Part I plan containing the technical information used to delineate the wellhead protection area, drinking water supply management area, and vulnerability of the wells and aquifer, please contact me at 763-767-6576.

Consistent with the Wellhead Protection Rule (part 4720.5330, subpart 7), a Public Information Meeting has been scheduled on May 3, 2016 at 7:00 pm at Coon Rapids City Hall 11155 Robinson Drive Coon Rapids, MN 55433.

If you have any questions concerning this matter, please contact me.

cc: 
  Jerry Koch, Mayor and Council
  Matt Sternwedel, City Manager
  Tim Himmer, Director of Public Works
  Trudi Witkowski, MN Department of Health
  John Greer, Senior Hydrogeologist, Barr Engineering
